Docket No: \_\_\_\_\_

Subdivision Control Ordinance Section Varied from: \_\_\_\_\_

Brief Description of Waiver: \_\_\_\_\_

In deciding whether or not the applicant has presented sufficient proof to permit the granting of a waiver, the Plan Commission should consider the following:

- The grant of a waiver will not be injurious to the public health, safety, morals and general welfare of the community.
- The use and value of area adjacent to the property included in the proposed plat will not be affected in a substantially adverse manner.
- The need for the waiver arises from some condition peculiar to the property and such condition is not due to the general conditions of the neighborhood.
- The strict application of terms of the ordinance to the property will constitute an unusual and unnecessary hardship if applied to the property for which the waiver is sought.
- The grant of the waiver does not interfere substantially with the Comprehensive Plan.

\_\_\_\_\_ Based on all the evidence presented by the petitioner, I approve of the requested subdivision waiver.

\_\_\_\_\_ I hereby disapprove of the subdivision waiver request for the following reasons:

1. \_\_\_\_\_

Ordinance Section Varied from: \_\_\_\_\_

Brief Description of Waiver: \_\_\_\_\_

The Commission may, after a public hearing, permit the modification of the provisions of Chapter 7 of the Subdivision Control Ordinance.

Any approval to permit such a modification shall be subject to the following criteria:

- The design and modifications shall be in harmony with the purposes and the land-use standards contained in this Chapter;
- The design and modifications shall enhance the subdivision plan, the central core area, the streetscapes, and the neighborhoods, or at least not be any less desirable than the plan that could be created in conformance with this Chapter;
- The design and modifications shall not produce lots or street systems that would be impractical or detract from the appearance of the subdivision plan, and shall not adversely affect emergency vehicle access or deprive adjoining noncommercial properties of adequate light and air; and,
- The applicant shall demonstrate that the proposed modifications will produce equal or better results, from the Commission's perspective, and represent the minimum modification necessary.

If the Commission determines that the applicant has met his/her burden, it may grant a modification of the requirements of this article. In granting modifications, the Commission may impose such Conditions that will, in its judgment, secure the objectives and purposes of Chapter 7.

\_\_\_\_\_ Based on all the evidence presented by the petitioner, I vote to Approve of the requested subdivision waiver.
